To Whom It May Concern:

I am a Social Worker at Fort Tryon Nursing Home located in Washington Heights. I have worked with Miriam Davidson as Court Evaluator on a recent case in New York County which has handled by Ellen Flowers, Esq. of the Law Office of Robert Abrams.

I highly recommend Ms. Davidson for appointment as Court Evaluator. I found Ms. Davidson to be knowledgeable about the area of guardianship law, supportive, cooperative and easy to work with. Ms. Davidson conducted a thorough investigation and demonstrated sensitivity to the issues. I believe that her work was a key element in bringing forth the excellent and timely results.

If you have any questions, kindly call me at the number listed above.

Very truly yours,

Sara Schechtman, CSW
